

Elise Martinson
ILLUSTRATION

WHOLESALE CATALOGUE

Illustrations that delight!

Elise is an illustrator based in the Central Coast of New South Wales. Her charming illustrations of animals are inspired by her strong connection to the Australian outdoors. She grew up in a small country town where she spent her childhood exploring the pristine bush and beaches of beautiful Esperance (Western Australia), or at home experimenting in the emerging world of digital illustration.

Elise enjoys emphasising the cute and the cuddly qualities of her animal subjects, resulting in heartwarming illustrations that are sure to delight. Many of her illustrations feature Australian animals and native plants which make the perfect souvenirs for travellers and gifts for locals to send to family and friends overseas. These adorable animal collections are also popular as gifts for expecting or new parents.

Elise's work has decorated the products of Australian brands such as Australia Post, The Perth Mint, Ashdene, La La Land, Nuovo Group and Two Green Zebras on homewares, giftware, greeting cards, coins, stamps and fabric.

This catalogue showcases the products available directly from Elise which are produced locally and responsibly where possible.
